And What Have You

By BOB CRAIG

Tonight is the final night for the Driver Improvement Course being held at the High School Auditorium under the sponsorship of the school and the Woman's Literary Club. This last session is one that should be attended by all drivers according to the Patrolmen conducting the course and they would especially like to see all of the teenage drivers see the film, "The Mystery Crash."

The film shows what happens to a vehicle in a crash.

After we wrote our column last week two more Hamlin students qualified for the regional meet in Lubbock this weekend. Donnie Jones and Keith Bundas won the boys doubles in tennis at the district level. This brings the total of local youths to compete in the regional up to 20.

We have noticed lately that there has been a serious problem of forged checks being passed in Abilene and we thought that we might pass along the following 25 pointers as precautions in cashing checks. The list has been compiled by Better Business Bureaus.

1. Don't hurry when cashing checks;
2. Checkpassers work fast — take your time;
3. All strangers are not crooks, but most crooks are strangers;
4. Always have check endorsed in your presence;
5. Know your endorser — or be prepared to pay if check bounces;
6. Insist on positive identification;
7. Printed checks can be forgeries — and also can have been stolen, then forged, too, remember;
8. Make sure the endorser's signature on check corresponds with the payee's name;
9. Compare endorser's signature with maker's — they may be by the same hand;
10. A suspicious, start stalling and call the bank;
11. Be extra careful of two-signature endorsements;
12. When you stall, the suspect may leave in a hurry, often leaving behind the check — if so send it to BBB;

13. Holidays are the favorite time for check passers;
14. Ask yourself why passer is offering the check to you, rather than to a bank;
15. Counter checks are for use at banks;
16. Look twice at all rubber-stamped checks;
17. Watch for misspellings, particularly of maker's name; watch also for omission of maker's name;
18. Hesitate on alterations;
19. Remember — payee's names can be altered, amounts raised and dates changed;
20. Record I.D. data before paying — this can be noted on birth or face of check;
21. If possible, get birth date from I.D. card;
22. Social Security numbers are valuable for identification purposes;
23. License plate numbers provide better identification than driver's licenses;
24. If you can get license plate number of cashier's car, make a note of this;
25. Just because a man is in uniform doesn't mean his check is good.

For the benefit of boat owners we are passing along the following information from the Parks and Wildlife Department.

All boats operating under power must have Coast Guard approved life-saving devices on board. There must be a preserver, vest, cushion or other Coast Guard approved device for every passenger in the boat. Skiers are counted as persons on board.

A release from the Department says that State game wardens, empowered by the water safety law to enforce safety provisions, are checking unusually close to determine that all water borne persons have access to the proper type of life preservers.

Above all, wardens have been instructed to strictly apply the safety code so far as it directly affects individuals.

The release says that lifesaving devices must have the Coast Guard approved number stamped on either the device itself or a label sewn onto the device. Just having "Coast Guard Approved" written on the device is not sufficient.

All lifesaving devices on board must be readily accessible to the persons aboard the boat. If they are in unopened shipping bags, display boxes, or locked in deck boxes or stowed in cabins, or stored in deck boxes or otherwise concealed, they are not readily accessible.

Local Headstart Program Approved For This Summer

Gov. John Connally released to the news media that the Hamlin Summer Headstart Project had been approved for the summer of 1967.

The project was approved for 45 children. At the present time only 33 eligible children have been located, according to Marvin Carlton, director of the local project. He said a number of children who will be in the first grade next year were missed during the school census. Anyone knowing of a child that may have been missed is urged to call Carlton at the junior high school or Mrs. Fred Smith, primary school principal.

A grant of \$10,775 was approved by the Office of Economic Opportunity.

The recipient is selected by fellow band members, band director, and school officials, and is an outstanding young person whose musicianship, leadership, dependability, integrity have been aptly demonstrated over a period of years.

There will be a reception in the high school gym immediately following the concert, and all persons attending the concert are cordially invited to attend.

Service pins will be presented to school teachers and employees at the concert. Receiving 20 year pins will be Miss Odean Murphree, and Mrs. F. F. Shout. Mrs. Edd Rodgers will be given a 15-year pin. Gus Young Jr., Joe Bonds Sr., Otis Fry and Mrs. J. B. Jayroe will get 10-year pins. Five-year service pins will go to Mary E. Esco, Mrs. L. R. Fowler, Grady Allen, Mrs. H. D. Stallcup and Mrs. Bessie Sheffield.

Oral Polio Vaccine Drive Set Sunday

A two pronged attack on polio will be conducted here Sunday as the Hamlin Parent-Teachers Association will sponsor an oral polio vaccine drive in the high school gymnasium from 12 noon to 6 p.m.

The drive is being held for the benefit of those who were immunized during the mass drive held here when the oral vaccine was first made available and for those who have never been vaccinated.

Dr. E. D. Perrin, City Health Officer, said that a booster is advised every two to four years.

While the mass drives several years ago just about eliminated polio as a major disease, health authorities are fearful that failure to immunize those that have been born since the time of the mass inoculations and the lack of booster shots could bring back this dreaded crippler.

Everyone is urged to take the vaccine if they have not been immunized within the last two years. Those who were immunized during the mass drive should take one dose as a booster. Those who have never taken the vaccine should take this first dose and will need a second dose that will be given June 25.

Dr. Perrin said the vaccine would not be given to anyone with diarrhea or vomiting or anyone with temperature over 100 degrees.

Temperatures will not be taken at the gym except for children under two years of age.

Contributions will be welcomed by the P-TA, which is taking the responsibility for the drive. Cost of a single dose is 80 cents.

SPECIAL FILM—

Driving Course To End Tonight

"The Mystery Crash" will be shown tonight (Thursday) at 7 p.m. during the final evening of the driver improvement course being conducted in the high school auditorium.

The film is one of the most outstanding of the course, according to Patrolman Dan Nowlin, one of the instructors. He said that all drivers should make an effort to be present and especially urges the teenagers to attend.

The crashes shown in the film will show what actually happens to the vehicle during simulated accidents at varying rates of speed. The non-collision, run-off-the-road accidents, control and loss of control of a vehicle, and six types of adverse driving conditions, will also be covered in the first segment of tonight's presentation.

The conclusion of the course, to be presented by Patrolman Bobby Williams, will deal with how to avoid collision with pedestrians, fixed objects, trains, bicycles, and animals, and key points of the course will be reviewed.

Refuse Pick Up For Clean-up Week Set May 1

Special refuse pick-up trucks will be put into operation here May 1 by the City of Hamlin to pick up debris, trash and other rubbish gathered during the annual clean-up week, Apr. 24-26.

All citizens are urged to clean their premises before the trucks begin their routes so they will not be missed. Mayor H. W. Madden is stressing the need to clean up possible breeding places for mosquitoes and flies before these insects become a real problem.

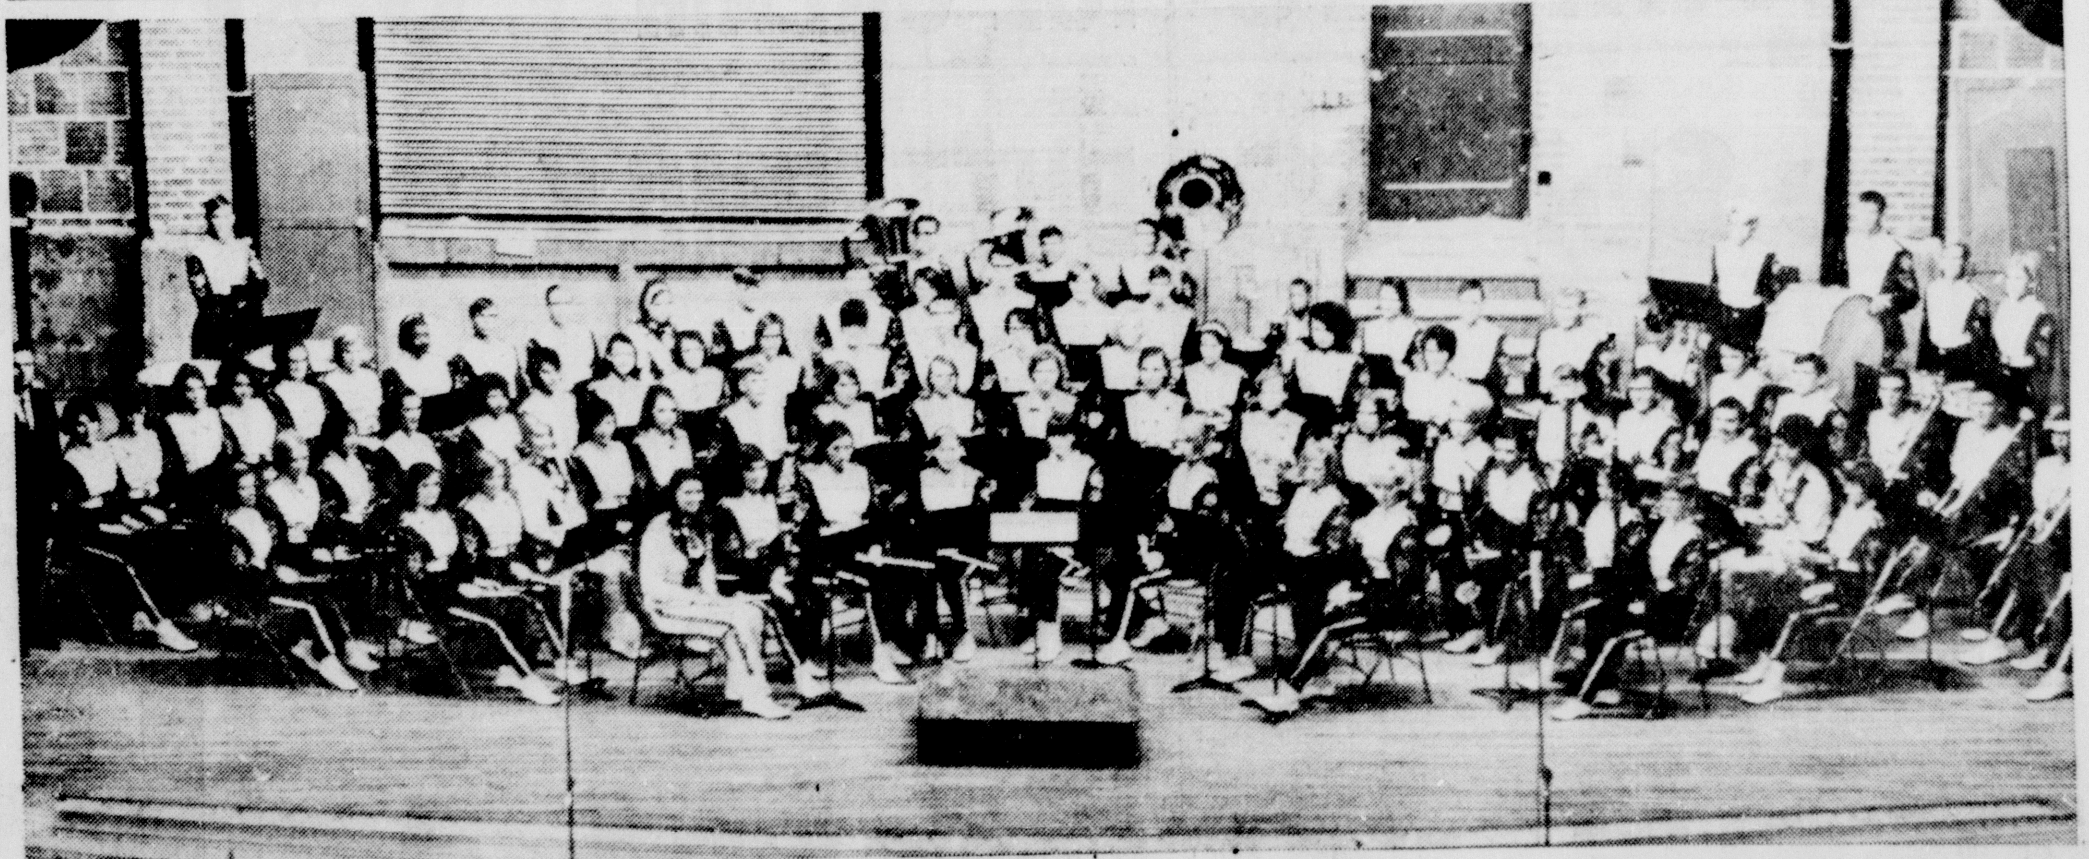

All trash that is to be picked up by the city employees should be placed in the alley ready for pick up. Only items to be picked up should be placed in the alley.

Sylvester News...

Our weather just-up and did something about it. I mean last Wednesday night things began to fly around in the air and then settle down some place else. The roof, or at least half of it, on the Sylvester Mercantile landed out in the street. The porch on the Post Office curled up on the west side where the metal from the roof of Mr. Mauldin's barn hit it and there was also a big dent in the side of the building. Mr. Cross' barn turned over. Ross Douglas had quite a bit of damage, along with Richard Kelly and many others but we always have something to be thankful for, there weren't any injuries of any kind. Mr. Hardwick says he is so grateful to the many, many men that have helped to rebuild the roof on the store. There is just no way to tell how wonderful people are in this little town when some one is in need of help, people here are

"The Best" and I have reason to know for they helped us. The Kenneth Leveretts spent Friday night and Saturday in Abilene with her mother, Mrs. Mary Ellen Tanner.

Mr. and Mrs. Frank Turner of Bovina spent a few days with Mrs. Eva Stephens. Woodford and Lorena Pursley of Big Spring visited friends and then spent the night with Homer and Opal Pursley. Saturday morning they visited with her mother, Mrs. Smith, in Hamlin.

Raymond Griffin has suffered quite a bit with his leg, he didn't move in time and a horse kicked him.

The John Tankerslys of Ft. Worth spent the weekend visiting in the Kiser, Harris, and Pearl Johnson homes. I think John got to do some fishing while he was here.

Don Smith spent a few days in Hamlin Hospital and later entered Scott and White in

Temple for further tests.

Mr. J. S. Woodson, father of Mrs. W. B. Brown entered Hamlin Hospital last Thursday and is to have surgery this Thursday.

Several members of the Baptist Church attended the Workers Conference in Sardis Monday night.

Spending the weekend in the Fred Turner home were: Mr. and Mrs. Virgil Crawford and grandson, Chris. Mr. and Mrs. Thomas Bartley and sons, Tommy and Mike of Brownfield, then on Sunday afternoon, Mr. and Mrs. W. A. Cross and family of Midland, Mrs. Dovie Cross of Sweetwater, Mr. and Mrs. Morris Richards of Snyder, Mr. and Mrs. Bobbie Bradford of Big Spring.

Several of our people attended the band concert in Roby Sunday afternoon. We have a number of our youngsters that play in the Roby Band. From all reports it was very good.

Mr. and Mrs. Jim Lanning entertained in their home on Sunday afternoon two "Aggies" and after feeding

Fairview News...

by Mrs. Elmer Joiner
This is another one of those Fairview News that did not come from Fairview. Just thought I would send a little message instead of just missing.

Came down to Temple for a check-up Wednesday, they put me back in the hospital again, so here I am. Don't expect to have to spend too many more days hospitalized, but will have to be here six weeks for X-Ray treatments, and that is going to be a long time.

Hope to be able to come home next weekend for a

them sent them on their way back to College Station. Even tho the Lannings live several miles from town and off the highway these boys can always find them, but after all they are very friendly people, and for some reason they are very fond of boys that attend A&M University, can you tell me Why???

camping outfit, since we will rent us an apartment and come in each day for a treatment. Don't have any permanent address as of now, am in room 334 but hope to be out soon.

Was in bed after noon and Mr. and Mrs. Wayne Wainwright walked in. They are here with her mother, Mrs. Hines, who is in intensive care ward today after having had surgery. Really looks good to see some one you know when you are so far from home.

My roommate is Mrs. Everett Berryhill, from Rochester, so we are almost neighbors at home. Some of her friends might see this for the Herald goes a lot of places.

I am afraid some of the folks on this floor wonder about my sanity for yesterday I got mixed up and went in the wrong room, tried to go to bed but my bed was made up and hadn't been

gone over five minutes. Dis-

covered I was in room 338 instead of 334, hope the folks in there didn't get too scared!

Heard they got some rain at home, hope it is enough to do some good. Got a nice little rain here but is like it is at home, they need more. Will write you a little note along and tell you how we are making out with city living.

LEGAL NOTICE

An ordinance fixing and de-
termining the general service
rate to be charged for sales of
natural gas to residential and
commercial consumers within

the city limits of Hamlin,
Jones County, Texas, and pro-
viding for the manner in
which such rate may be
changed, adjusted and amend-
ed and declaring an emer-
gency.

Be it ordained by the City
Council of the City of Hamlin:
SECTION 1. Effective
with the first gas bills ren-
dered on or after the 1 day
of June, 1967, the general
service rate for sales of nat-
ural gas rendered to resi-
dential and commercial con-
sumers within the city limits
of Hamlin by Lone Star Gas
Company, a Texas corpora-
tion, its successors and as-
signs, is hereby fixed and de-
termined as follows:

First 800 cu. ft. or fraction
thereof \$1.760 gross; \$1.584
net.

Next 1,200 cu. ft. at \$1.482
per MCF gross; \$1.334 per
MCF net.

Next 3,000 cu. ft. at .927
per MCF gross; .834 per MCF
net.

Next 20,000 cu. ft. at .649
per MCF gross; .584 per MCF
net.

Over 25,000 cu. ft. at .593
per MCF gross; .534 per MCF
net.

No gas bill will be rendered
to any residential or com-
mercial consumer served
under the above rate not con-
suming any gas during any
monthly billing period.

ADJUSTMENT

The amount of each net
monthly bill computed at the
above stated rates shall be
subject to the following ad-
justment: Plus an amount
equivalent to the propor-
tionate part of any new tax,
or increased tax, or any other
governmental imposition, ren-
tal, fee or charge (except
state, county, city and special
district ad valorem taxes and
taxes on net income) levied,
assessed or imposed subse-
quent to January 1, 1966,
upon or allocable to the Com-
pany's distribution operations,
by any new or amended law,
ordinance or contract. Each
gross monthly bill shall be
adjusted proportionately. Com-
pany, at its option, may
forego the application of this
adjustment; however, failure
of Company to apply such
adjustment shall not consti-
tute a waiver of Company's
right from time to time, or
at any time, to make such ad-
justment, in whole or in part,
monthly bill that may be
in any subsequent current
applicable to such bill.

Net rate shall apply to all
bills paid within ten days from
monthly billing date.

In addition to the aforesaid
rates, Company shall have the
right to collect such reason-
able charges as are necessary
to conduct its business and to
carry out its reasonable rules
and regulations in effect.

The above rate is applica-
ble to each residential and com-
mercial consumer per month
or for any part of a month
for which gas is used at the
same location.

SECTION 2. The rate set
forth in Section 1 may be
changed and amended by
either the City or Company
furnishing gas in the manner
provided by law. Service here-
under is subject to the orders
of regulatory bodies having
jurisdiction, and to the Com-
pany's Rules and Regulations
currently on file in the Com-
pany's office.

SECTION 3. The fact that
there is an imperative public
need for an ordinance fixing
and determining the rate for
gas and gas service furnished
to residential and commercial
consumers creates an emer-
gency, and the reading and
passage of this ordinance at
three separate meetings is
hereby suspended and this
ordinance shall take effect
and be in full force from and
after the date of its passage
at a single meeting and the
approval thereof by the
Mayor.

Passed and approved on this
the 10 day of April, A.D. 1967.

PIPER PATTERN—

HHS to Be Well Represented At U. I. L. Regional Meet

Tommy Oliver, Beth Craig, Helen Moore.

The turnout for the student council sponsored "Game Night" wasn't as heavy as had been anticipated Friday night. Forty-two, dominoes, bridge, chess, and various other games were offered to all players, while the student council served cookies, punch, and coffee.

Going to Lubbock this Friday and Saturday for U.I.L. competition are: Donnie Jones and Keith Bundas, boys tennis doubles; Agustín Barron, typing; June Hill and Helen Moore, shorthand; La Wanda Coleman, prose interpretation; Jim Bonds, Milton Davis, Sammy Ferguson, Clifford Titus, James Cork, Louis Shelton, and Phillip Simpson, track; Tommy Oliver and Linda Cox, persuasive speaking; and Milbourne Newland, Gary Smith, Gary Connally, Jimmy Hastings, and Marshall

Bond, the golf team. Hamlin and its mighty Pipers will really be invading Lubbock to go all the way to state! Let's go Pipers!

Anxiety has been slowly mounting at H.H.S. as the day for the distribution of the Piper Annuals draws nearer. Mrs. Fowler, annual advisor, has made plans to distribute the annuals Wednesday, Apr. 26th.

The seniors have made final plans for their senior trip to Colorado. The trip will last from May 9 to the 13.

The Hamlin Pied Piper Band really has a reason for strutting this week. They made a division 1 rating in concert and sight reading at U.I.L. contests in Sweetwater last Saturday, making them a Sweepstakes band. Colorado City also received a Sweepstakes at contest. A band qualified for sweepstakes by receiving a division 1 in concert, sight reading, and marching. The band received a division 1 rating earlier this year.

"I'm on the floor and I need help!"

These were the first words Mrs. Myrtle Allen heard when she answered the call on her switchboard. A telephone operator in Dallas, Mrs. Allen tells what happened next: "He could hardly talk," she recalled, "but it was evident he was stricken, on the floor helpless and had managed to dial 'Operator' for help. I told him to stay on the floor and not to worry because I wouldn't leave him."

With practiced efficiency, Mrs. Allen swung into action. Using another line, she called for an ambulance, alerted the man's next-door neighbor and notified his nearby relatives.

All the while, she kept the man on the phone, cautioning him not to move.

An ambulance arrived and rushed the man to a hospital. After being assured he was taken care of, Mrs. Allen returned to her normal work routine.

Later, the man, who had suffered a heart attack, called

the telephone company and told how he had been helped. "Had it not been for that operator, I would have died," he said. "She was insistent that I keep quiet on the floor. The doctors told me it saved my life."

"It was thanks enough to me that he got help on time," said Mrs. Allen. "Any operator would have done the same thing."

We're proud of Mrs. Myrtle Allen. Her actions in a time of trouble exemplify the highest ideals of the spirit of service of telephone people.
